In an exclusive opening keynote, former President of Slovakia, Zuzana Čaputová, will discuss the most pressing challenges and future scenarios for the CEE region, followed by a fireside chat led by Property Forum founder Csanád Csűrös.

Over the past three decades, since the fall of communism, Central and Eastern Europe has been one of the world's most remarkable economic success stories. But the question now is what lies ahead for CEE? Which political paths will the region take? What challenges and opportunities will shape our societies in the years to come?

Zuzana Čaputová served as the president of Slovakia from 2019 to 2024, the first female president in the Visegrád Four. A lawyer by profession, she was a strong advocate for the rule of law, environmental protection, and women's rights. In 2020, she was ranked 83rd on Forbes' list of the 100 most powerful women.

EXECUTIVE ROUNDTABLE DISCUSSION: DRIVING PORTFOLIO PERFORMANCE

Limited seats, registration needed: If you'd like to join, send us an email at info@property-forum.eu.

14:00 - 15:00 Presentation Executive Roundtable Discussion: Driving Portfolio Performance

Small workshop-style roundtable discussion with senior real estate executives. Confidential, high-level discussion on how trusted financial data drives portfolio performance, yield protection, and investor confidence. Participants will compare real-world experiences of managing data complexity across multiple CEE markets, exploring how they can move from fragmented reporting to transparent, AI-ready decision support. The goal is shared insight — not comparison. Every leader leaves with new perspectives, ideas to test, and stronger professional relationships.

Moderator: **James Dearsley**, CEO EMEA, Verv
Featured expert: **Andreas Kozma**, Founder & CEO, iREMS International AG
Topics:
1. Controlling the Truth Behind the Numbers: Ensuring accuracy and ownership of data used in valuations, forecasts, and investor reports.
2. Financial Data as a Performance Lever: How reliable, timely information affects yield, CapEx discipline, and financing terms.
3. The Right Data, Not More Data: Distilling what really drives returns while avoiding data overload.
4. AI-Ready Finance: Building internal standards and infrastructure that turn data into foresight.
